

## No School for a While

(Tune: Veggie Tales)

There will be no school for a while.

Everyone is staying at home.

While I'm at home I still need to learn.

I can practice my reading and math.

For reading – I can read books, and

I can write on paper.

I can write stories,

Songs and letters.

For math – I can practice

Addition and subtraction.

I can count money.

I can watch math videos.

When I'm at home I can still do schoolwork.

I can keep learning and getting smart.

I can get exercise with the warmup song.

I can go for a walk or ride my bike.

Being at home will be fine.

I'll keep learning and practicing and growing my mind.

It's time to learn at home!!!
